👤 Profile

Accomplished Senior Software Developer with 13 years of experience leading projects by acting as architect, developer and programmer analyst. Proficient in supporting project deliverables and maintaining releases. Strong leader in guiding support teams and solving complex issues. Steadfast in planning and implementing effective development strategies based on industry best practices.

👤 Work Experience

Senior Software Developer, SAN TSG

12/2019 – 04/2025
Antalya, Turkey

- Contributed ideas and suggestions in team meetings and delivered updates on deadlines, designs and enhancements.
- Reviewed code, debugged problems and corrected issues.
- Consulted with engineering team members to determine system loads and develop improvement plans.
- Analyzed existing software implementations to identify areas requiring improvement.
- Mentored junior members and delivered training to boost team skills set.
- Used ORM and SQL/No-SQL to develop and manage databases.
- Boosted network, system and data availability and integrity through preventive maintenance and upgrades.
